What is a Special District?

A Special District is a unit of special-purpose government operating within a defined geographic boundary for a specific purpose. They have limited and specific powers.

How is a Special District Created?

A special district can be created by general law, special act, local ordinance, or by rule of the Governor or Cabinet to provide specialized services not provided by units of general-purpose government inclusive of Municipalities and Counties.

To obtain more information on creating a new special district or changing an existing district, contact Mary Mahoney, BOCC Management & Budget Department (813) 272-6599.

Once the district is created, a copy of the ordinance should be forwarded to the Tax Collector's Office, and will serve as notification that a new district has been created.

Common revenue sources for special districts include: Ad Valorem Assessments, Non- Ad Valorem assessments, User Fees, Tax Increment Financing, Federal Government, Grants Municipalities & Counties, and Tolls.

What is a Non-Ad Valorem Assessment?

An assessment, which is not based upon value and can become a lien against a homestead as permitted in s. 4, Art. X of the State Constitution.

How does a Non-Ad Valorem Assessment get collected by the Tax Collector?

The special district elects to use the Uniform Method of Levy, Collection and Enforcement of Non-Ad Valorem assessments.

What is the Uniform Method of Levy, Collection and Enforcement?

The statutory process as provided in Florida Statutes 197.3632 for the levy, collection, and enforcement of Non-Ad Valorem assessments.

Second Public Hearing

Between June 1st and September 15th, the NAV district adopts a Non-Ad Valorem assessment roll at a public hearing.

Again, the same statutory requirements apply for public hearings. For more information regarding the Public Hearing, please contact Mary Mahoney,
BOCC Management & Budget Department (813) 272- 6599
e-mail mahoneym@hillsboroughcounty.org

FS 197.3632 Uniform method for the levy, collection, and enforcement of non-ad valorem assessments.-- (4)(c) At the public hearing, the local governing board shall receive the written objections and shall hear testimony from all interested persons. The local governing board may adjourn the hearing from time to time. If the local governing board adopts the non-ad valorem assessment roll, it shall specify the unit of measurement for the assessment and the amount of the assessment. Notwithstanding the notices provided for in paragraph (b), the local governing board may adjust the assessment or the application of the assessment to any affected property based on the benefit which the board will provide or has provided to the property with the revenue generated by the assessment.

Non-Ad Valorem (NAV) Assessment Roll

The NAV Assessment Roll is based on the outcome of the 2nd Public Hearing, as well as, any written objections received. If the NAV roll is adopted, the district specifies the assessment amount and unit of measure on each parcel included on the file, and then submits to the Property Appraiser by the last working day of August. This is stipulated in the contract between the district and the Property Appraiser

FS 197.3632 Uniform method for the levy, collection, and enforcement of non-ad valorem assessments.-- (5) The local government shall post the non-ad valorem assessment for each parcel on the roll.

For more information on your file, please refer to the Property Appraiser's booklet or contact Tracy Torres, Office of the Property Appraiser at (813) 276-8916.

NAV Roll Certification

In addition, the district must certify the NAV Roll to the Tax Collector by September 15th. This is accomplished by completing the Certificate to Roll form.

FS 197.3632 Uniform method for the levy, collection, and enforcement of non-ad valorem assessments.-- (5) By September 15 of each year, the chair of the local governing board or his or her designee shall certify a non- ad valorem assessment roll on compatible electronic medium to the tax collector. The local government shall post the non-ad valorem assessment for each parcel on the roll. The tax collector shall not accept any such roll that is not certified on compatible electronic medium and that does not contain the posting of the non-ad valorem assessment for each parcel. It is the responsibility of the local governing board that such roll be free of errors and omissions. Alterations to such roll may be made by the chair or his or her designee up to 10 days before certification. If the tax collector discovers errors or omissions on such roll, he or she may request the local governing board to file a corrected roll or a correction of the amount of any assessment.

Certificate to Roll

The Certificate to Roll form is the document that certifies your district's Non-Ad Valorem assessment roll to the Tax Collector. The non-ad valorem assessment roll must be certified by September 15th. The information required on this form may be obtained from your file before returning it to the Property Appraiser for tax roll preparation. Please note the items to be completed:

The Name of Local Government is your District Name. The Total Record Count is a count of all parcels located within the Non-Ad Valorem District's boundaries. The Zeroed Item Count is a count of all the items that will not have an assessment to be collected for that assessment year. (ie. Parcels that cannot be assessed based on the requirements set forth by the BOCC Budget Department. For more information on these requirements, please contact Mary Mahoney, (813) 272- 6599)

The Assessment Record Count is a count of the parcels which an assessment amount has been levied. The Total Assessment will be the total amount to be collected from all parcels lying within the boundaries of your district.

Please have an authorized agent of your district sign and date the document. An authorized agent is a designated individual authorized to sign documents on behalf of the district.

You must email the certification form to: non-adv@hillstax.org.

The Property Appraiser delivers the file along with a printout of its contents to the Tax Collector's office, where the file is loaded into the Tax Collector's database and compared to the Certificate to Roll form. The file submitted and the Certificate to Roll total record count and total assessment amount must agree -- no exceptions. In some cases, a replacement file or amended Certificate to Roll may be necessary to achieve a match. Article V of the Agreement addresses the only alternative.

Again, everything must be completed by the statutory September 15th deadline.

For more information on the Certificate to the Roll Form, contact the Tax Collector's Office.

Special District Information

If your officers change, please notify our office in writing by completing the Special District Information Form. This form needs to be submitted to the Tax Collector's Office, the Supervisor of Elections, the Management and Budget Department, and the Department of Revenue.

A registered agent is an agent of the district upon whom any process, notice, or demand required or permitted by law to be served upon the district may be served. A registered agent must be an individual resident of Florida whose business address is identical with the registered office of the district. The registered office may be, but need not be, the same as the place of business of the special district. Each special district in the state must designate a registered office and a registered agent and file such information with the local governing authority or authorities and with the Special District Information Program. The district may change its registered office and/or registered agent upon filing such information with the local governing authority or authorities and with the Special District Information Program.

In addition, the registered agent is considered the official contact person, designated by the district (usually the president). The Registered Agent may sign district documents, as well as, conduct business on behalf of the district. The Registered Agent's name and telephone number are published on the tax bill insert and on the Internet; therefore, we will publish the district phone number if provided, rather than their home telephone number.

Department of Revenue Reporting

Senate Bill 1588 (Chapter 2008-173, L.O.F., section 11), passed by the 2008 Legislature, requires Tax Collectors to report certain information concerning non-ad valorem assessments collected on the property tax bill (Notice of Taxes) to the Department of Revenue. This summary information on each non-ad valorem assessment must be provided by December 15th each year starting in 2008. All non-ad valorem levies included on the property tax notice (bill) must be separately listed and described.

Beginning in 2009, copies of each non-ad valorem assessment roll in the format and containing the data elements prescribed by the Department will be required. The Department is currently working on the format and content of the non-ad valorem assessment rolls which must be submitted along with the summary reports beginning in December 2009. The format for the assessment roll data is below:

[Non Ad Valorem Assessment Roll File Data Fields, Uniform Method Non Ad Valorem Assessments s. 197.3632, F.S., Comma Delimited Format Only](#)

The form used to report summary information for each non-ad valorem assessment, Form DR-503NA, was revised in 2009. This form requires an identifying number for each assessment that would be included on the assessment roll data file with each parcel subject to the assessment, the form can be found at the link below:

[Form DR-503NA: Tax Collector's Report on Non-ad Valorem Assessments Collected on the Notice of Taxes](#)

Distributions

Once the Tax Roll is open for collections, the Tax Collector can begin accepting payments. Monies from any assessment collected on behalf of your district, will be distributed to your district less any discount and or Tax Collector's fees.

So that the Tax Collector can make a timely distribution of funds collected into your account, the Bank Information Form must be completed and supplied to our office by October 25th, or whenever any bank information changes. Failure to supply this information in a timely manner could delay distribution of funds to your district.

NOTE: To open your bank account for the non-ad valorem district, you will need a Federal Tax Identification Number from the Internal Revenue Service. The Tax Collector's Office does not need this number; this number is for federal purposes only.

FS 197.383 Distribution of taxes.--The tax collector shall distribute taxes collected to each taxing authority at least four times during the first 2 months after the tax roll comes into his or her possession for collection and at least one time in all other months. A different schedule may be used if the tax collector and the governing board of the taxing authority mutually agree.

Certificate of Correction

Once the certified NAV Roll is merged with the certified Tax Roll, on or about November 1st, the Tax Roll will be opened for collection. If an error in assessment is discovered after the merging process, the only way to correct the assessment on a certified tax roll is by completing a Certificate of Correction Form.

FAC 12D-13.006 Procedure for the Correction of Errors by the Tax Collector; Correcting Erroneous or Incomplete Personal Property Assessments; Tax Certificate Corrections. (11) Changes to any non-ad valorem assessment roll shall be prepared by the local governing board that prepared and certified the roll for collection, consistent with the provisions of Rule 12D-18.006, F.A.C.

Your district may only correct your assessment. All other information on the tax bill is controlled by the Property Appraiser and cannot be changed by your correction.

Email Corrections to:
non-adv@hillstax.org

You may add, delete, or change the assessment amount using the Certificate of Correction form. Should the ownership or the address change on a parcel, our office will send a duplicate bill to the new owner or address, but our office cannot change the certified tax roll unless the Property Appraiser issues a correction.

Since our office is charged with collecting a specified amount, as stated in your certification, we must account for any change in the figure.

Therefore, your correction forms must be identified by your district number and the correction numbers must be assigned sequentially, starting with Correction #1.

To ensure proper audit records for your district, a copy of each correction issued should be retained by the district.

Under Florida law, a taxpayer is allowed an additional 30 days to pay with the 4% discount, if a correction was requested during that period but was not processed until later. You must indicate by checking the 4% block, if this extension should be allowed.

Prior Years Update

197.432(4) HX property with taxes less than \$250.00.

4) A tax certificate representing less than \$250.00 in delinquent taxes on property that has been granted a homestead exemption for the year in which the delinquent taxes were assessed may not be sold at public auction or by electronic sale as provided in subsection (16) but shall be issued by the tax collector to the county at the maximum rate of interest allowed by this chapter. The provisions of s. 197.502(3) shall not be invoked as long as the homestead exemption is granted to the person who received the homestead exemption for the year in which the tax certificate was issued. However, when all such tax certificates and accrued interest thereon represent an amount of \$100 or more, the provisions of s. 197.502(3) shall be invoked.

197.252 Homestead tax deferral.

(1) Any person who is entitled to claim homestead tax exemption under the provisions of s. 196.031(1) may elect to defer payment of a portion of the combined total of the ad valorem taxes and any non-ad valorem assessments which would be covered by a tax certificate sold under this chapter levied on that person's homestead by filing an annual application for tax deferral with the county tax collector on or before March 31 following the year in which the taxes and non-ad valorem assessments are assessed. Any applicant who is entitled to receive the homestead tax exemption but has waived it for any reason shall furnish, with the application for tax deferral, a certificate of eligibility to receive the exemption. Such certificate shall be prepared by the county property appraiser upon request of the taxpayer. It shall be the burden of each applicant to affirmatively demonstrate compliance with the requirements of this section. (2)(a) Approval of an application for tax deferral shall defer that portion of the combined total of ad valorem taxes and any non-ad valorem assessments which would be covered by a tax certificate sold under this chapter otherwise due and payable on the applicant's homestead pursuant to s.

197.333 which exceeds 5 percent of the applicant's household's income for the prior calendar year. If any such applicant's household income for the prior calendar year is less than \$10,000, approval of such application shall defer such ad valorem taxes plus non-ad valorem assessments in their entirety.

1(b) If the applicant is 65 years of age or older, approval of the application shall defer that portion of the ad valorem taxes plus non-ad valorem assessments which

exceeds 3 percent of the applicant's household income for the prior calendar year. If any applicant's household income for the prior calendar year is less than \$10,000, or is less than the amount of the household income designated for the additional homestead exemption pursuant to s. 196.075, and the applicant is 65 years of age or older, approval of the application shall defer the ad valorem taxes plus non-ad valorem assessments in their entirety.

(c) The household income of an applicant who applies for a tax deferral before the end of the calendar year in which the taxes and non-ad valorem assessments are assessed shall be for

the current year, adjusted to reflect estimated income for the full calendar year period. The estimate of a full year's household income shall be made by multiplying the household income received to the date of application by a fraction, the numerator being 365 and the denominator being the number of days expired in the calendar year to the date of application.

(3) No tax deferral shall be granted:

(a) If the total amount of deferred taxes, non-ad valorem assessments, and interest plus the total amount of all other unsatisfied liens on the homestead exceeds 85 percent of the assessed value of the homestead, or
(b) If the primary mortgage financing on the homestead is for an amount which exceeds 70 percent of the assessed value of the homestead.

(4) The amount of taxes, non-ad valorem assessments, and interest deferred under this act shall accrue interest at a rate equal to the semiannually compounded rate of one-half of 1 percent plus the average yield to maturity of the long-term fixed-income portion of the Florida Retirement System investments as of the end of the quarter preceding the date of the sale of the deferred payment tax certificates; however, the interest rate may not exceed 7 percent.

(5) The taxes, non-ad valorem assessments, and interest deferred pursuant to this act shall constitute a prior lien and shall attach as of the date and in the same manner and be collected as other liens for taxes, as provided for under this chapter, but such deferred taxes, non-ad valorem assessments, and interest shall only be due, payable, and delinquent as provided in this act.

Community Development District (CDD) – Independent special- purpose units of government established to finance basic services within a development, including infrastructure construction, services and maintenance. Common infrastructure improvements provided by CDDs include drainage, potable water, sewerage, roads and

parks. Developers seek CDD approval to obtain low-cost financing by issuing tax-exempt bonds, with lower interest rates. CDDs also have the power to collect fees, levy lien able assessments or ad valorem taxes against properties within the project for repayment. CDDs are required to have a five- member board of supervisors, elected by the landowners, and report to the Department of Planning & Growth Management.

Compatible Electronic Medium or Media – Machine-readable electronic repositories of data and information, including, but not limited to, magnetic disk, magnetic tape, and magnetic CD technologies, which provide without modification that the data and information therein are inharmony with and can be used in concert with the data and information on the ad valorem tax roll keyed to the property identification number used by the Property Appraiser.

(See Certificate to Roll Form) Form must specify: tax year, total record count, zeroed record count, assessment record count, total assessment levied, then signed and dated by the district's authorized agent. Florida Statutes require this form be submitted to the Tax Collector by September 15th.

Dependent Special District (DSD) – A dependent special district reports to the Management and Budget Department (Mary Mahoney), and has at least one of the following characteristics:

Meetings must be held in a public place, minutes must be promptly recorded, and minutes must be made available for public inspection.

Homeowner’s Association – Homeowner’s Associations are often confused with special districts. A Homeowner’s Association is a group formed by homeowners in a given area for the purpose of maintenance, improvements, and deed restriction enforcement. They collect their dues/ fees independent of the Tax Collector’s Office, and do not utilize the uniform method of collection as provided in Florida Statutes. In addition, they are governed by Hillsborough County Neighborhood Relations, rather than FDCA.

Inactive – Districts that are in an inactive status are established district which do not have an assessment levied on the current tax roll.

Independent Special District (ISD) – An independent special district does not have any dependent characteristics. A special district that includes more than one county is independent unless the special district lies wholly within the boundaries of a single municipality.

Local Governing Board – A governing board of a local government.

Local Government – A county, municipality, or special district levying non-ad valorem assessments.

Millage Rate – The rate of taxes levied based on a mill

(1/10 of a cent), or one dollar per one thousand dollars of taxable value.

Non-Ad Valorem (NAV) – Assessments which are not based upon millage, which can become a lien against a homestead as permitted in s.4, Art. X of the State Constitution. Non-Ad Valorem assessments are levied by local governing bodies, and are based on the service that they provide.

Non-Ad Valorem Assessment Roll – The roll prepared by a local government and certified to the tax collector for collection.

Ordinance – A local statute passed by a town, city, or county government.

Registered Agent (RA) – A registered agent is an agent of the district upon whom any process, notice, or demand required or permitted by law to be served upon the district may be served. A registered agent must be an individual resident of Florida whose business address is identical with the registered office of the district. The registered office may be, but need not be, the same as the place of business of the special district. Each special district in the state must designate a registered office and a registered agent and file such information with the local governing authority or authorities and with the Special District Information Program. The district may change its registered office and/or registered agent upon filing such information with the local governing authority or authorities and with the Special District Information Program.

In addition, the registered agent is considered the official contact person designated by the district (usually the president). The RA may sign district documents, as well as, conduct business on behalf of the district. The RA’s name and telephone number are published on the tax bill insert and on the Internet website; therefore, we will publish the district phone number if provided, rather than their home telephone number.

Resolution – A formal statement of a decision or expression of opinion put before, voted on, and adopted by an assembly. In terms of districts, it is a formal statement of the district intent to utilize the uniform methods of collections as set forth in Florida Statutes, for the purpose and within the boundaries specified in the ordinance. The resolution is approved by the district board members, then signed and dated by the registered agent.

Special District – Local unit of government created by general law, special act, local ordinance or rule of the Governor or Cabinet. Special districts are very similar to municipalities and counties. In fact, they are more alike than they are different. They all have a governing board with policy-making powers. They all provide essential public services. They all operate within a defined geographical area. So, what is the difference? The primary difference is their purpose. Municipalities and counties provide general governmental services. On the other hand, special districts provide specialized governmental services. That is why they are often referred to as units of local special-purpose government.

Tax Year – The tax year begins November 1st of the assessment year, and runs thru October 31st of the subsequent year.

Uniform Method of Collection – Refers to the statutory process as provided in Florida Statutes for the levy, collection, and enforcement of Non-Ad Valorem assessments.

(c) The DISTRICT, upon being timely billed, shall pay directly for necessary advertising

relating to implementation of the new uniform non-ad valorem assessment law pursuant to Sections 197.3632 and 197.3635, Florida Statutes, and any applicable rules promulgated by the Department of Revenue thereunder.
